THINK SCALPERS ARE AT WORK IN THE CITY

Detectives Watch Exchanging of Cars By Working Men at Four Corners—Arrests May Be Made Tonight.

That ticket scalpers are at work in the city picking their profession by selling city car transfers is claimed by several down town business men and it is said that on Friday and Saturday evenings just at the closing hours of the east end factories, four detectives or inspectors were at watch on the four corners to get evidence that some of the east end factory employees sell their transfers to South Bend men employed at the Dodge Manufacturing Co. It is a well known fact that South Bend men employed in this city have been giving transfers to men employed in the east end factories in the morning and in the evenings exchanging back with the men for South Bend transfers, thus making the fare for a number of men only five cents.

It is thought that no stop can be put to this practice but it is claimed that professional scalpers gather the transfers from the east end men, paying them a small amount, and that they then sell them to South Bend men for a rate per week. It seems little money could be made in this manner by scalpers, but when pushed on a large scale it may be possible for them to realize a considerable amount each week.

There were no arrests made Friday or Saturday evening but some may be made Monday evening, as it is expected that the men will again be on watch.

CITIZENS INTERESTED IN REPUBLICAN MEETING

Interest centers around the meeting of local republicans called for Tuesday evening at Justice Hiram Hunt's office. Matters pertaining to the coming city campaign are expected to come up for consideration and action.

Some time ago the bull moose held a meeting at which they expressed a desire to come back into the former party. A committee was appointed to confer with the republicans to consider uniting for the coming campaign. This committee may meet with the republicans Tuesday evening. At any rate it is practically certain that the republicans will decide at their meeting whether they will enter the city campaign alone or whether they will consider an offer from the bull moose and allow this party to cooperate with them.

It is understood that the prevailing republican sentiment is either for a republican ticket or a co-operative ticket with the bull moose. It is known as the republican ticket. Several prominent republicans are said to be adverse to supporting a citizens' ticket in case one is started.

NEXT SATURDAY WILL BE THE BIG NOISE

The "Ball Band" team of the Manufacturers' league by their win Saturday are still tied with the Sinker team of South Bend. According to the regular schedule the deciding game is to be played on Slinger's grounds. A effort is now being made to have this game transferred to Springbrook park, for the reason that the grounds are faster; will accommodate more people, and will do away with two car fares for the friends of either team.

If this plan goes through it will mean a greatly increased attendance as interest in this game is at a high pitch.
